Avon.

The Avon Premium Chair is built for managers, executives, and decision-makers who require dependable comfort throughout the workday. Designed with a high-resilience pure cutting foam combined with modular cushioning, it provides structured support while maintaining long-lasting comfort. Equipped with a Donati wire-controlled multi-functional mechanism, the chair allows smooth reclining with three tilt locking positions, giving users flexibility during focused work or relaxed discussions. The height adjustment system features a four-level chromed gas lift that has passed SGS testing for reliability and safety. Its polished aluminum five-star base ensures strong stability, while anti-slip mute PU casters allow quiet and effortless movement across office floors. With a refined cream finish and professional silhouette, Avon is ideal for executive cabins and modern corporate spaces.
